JUNE REPORT 2021

Greetings from Toro Babies Home in the name of our Lord Jesus Christ.

Toro Babies Home wishes you all the best in whatever you're doing.

HOME STATUS

The Home is moving on well with 45 children 22 girls and 23 boys.

NEW CHILDREN

We have not received any new child this June.

Staff

The Staff is fine and working hard to make the Home move on well. The Board decided to have a meeting after the Lockdown and we shall be informing you about the new mother.

We are in the lockdown now and Corona is so serious in Fort Portal and we don't allow the children to move to the office premises.

Teacher Irene has shifted her study centre to the upper veranda and the children play from the upper court yard.

She has kept all the children active and very happy.

Our sand pit was filled now

RESSETLEMENT

We have not resettled any child this month because of too much Corona and the lockdown. We fear taking children to their homes in this period of the serious pandemic.

Physiotherapy

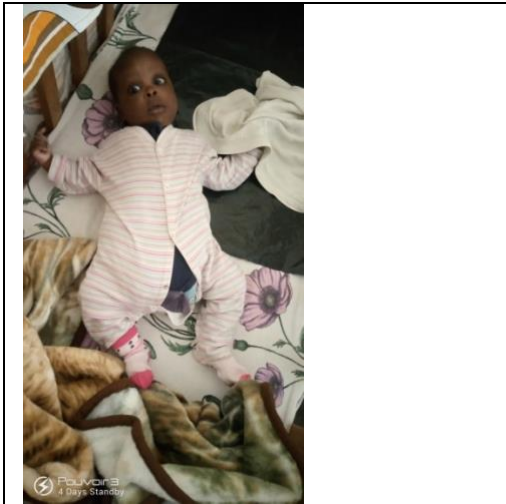

The physiotherapy classes were done few times this month because of the lockdown but Ruth the volunteer did a great job to help baby Gift do some exercises.

Baby Keron with Hydrocepluse is now improving even is trying to sit and physiotherapists do a lot of work.

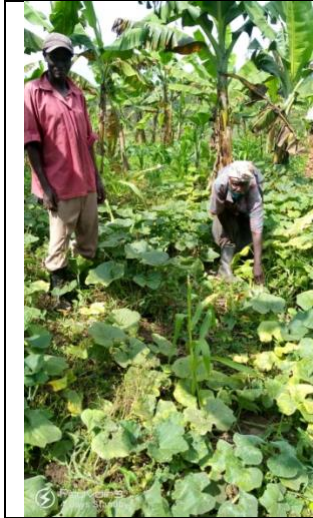

James with the bracket feet is also improving and the mother and Christen are doing the exercises as they told them to do.
